SEEKS APPROPRIATION FOR MEMORIAL HIGHWAY

[Special to The Times-Dispatch.]

Bristol, Via. January 27.—P. M. Runnels, secretary or the Bristol Board of Trade. to-day sent forward correspondence to the Virginia Legislature. In which he seeks to interest that body in a movement to petition the Pederal congress for an appropriation to construct a memorial highway over the more memorable trails of the heroes of the Revolution, particularly over that portion that had to do with the battle of King's Mountain. To-this same end Mr. Runnels will correspond with Senators and Representatives in the States of Virginia, North Carolina and Tennessee.

The purpose is to have a road constructed from a point in Southwest Virginia, from where about 400 of the heroes of King's Mountain started, and en through East Tennessee via Sycamore Shouls, the rendezvous of the same band of soldlers, and over the Blue Ridge to King's Mountain.

It is believed that the time is ripe for such a movement for the reason that the forestry department is now buying up this historic territory, with a view to incorporating it in the Appalachian timber reservation. The spots of historic interest are unmarked, save for a few private monuments, including one recently creeted at Sycanore Shouls by the Sycamore Shouls by the Sycamore Shouls Chapter. The Sycamore Shouls Chapter of the Daughters of the American Revolution, aided by the John Kevier Chapter and the Bonnie Kate Chapter. The Sycamore Shouls Chapter is located here, while the other twe are East Tennessee organizations.

A movement was started this week to raise funds for the creetion of a monument over the neglected grave of Samuel Doak, the pioneer educator, who was present on the day that the solders left Sycamore Shouls to meet Perguson and his men, and who prayed God's blessing upon the American soldiers.
